MUCKPROOF
THE BOOTS THAT GET IT DONE

The
Original
MUCK®
BOOT COMPANY

THE ORIGINAL MUCK BOOT COMPANY

It all started with a universal problem—muck. Wet, messy, muddy, dirty muck. We were determined to find a solution for keeping our feet warm and dry through it all. We began, out of necessity, to build premium, protective, reliable boots that offer exceptional comfort in every element. That's how The Original Muck Boot Company was born, providing 100% waterproof boots and footwear that withstand the muckiest situations in every season.

Over the past two decades we have had the freedom to innovate, experiment, and test our products in every single element—because outside, there are way more than four seasons. That's why we've designed each of our styles to work hard for every task and brave every condition—so you can be protected, productive, and always in your comfort zone, no matter what the weather.

The Original
MUCK
BOOT COMPANY

PURSUIT **Sport, Hunt**

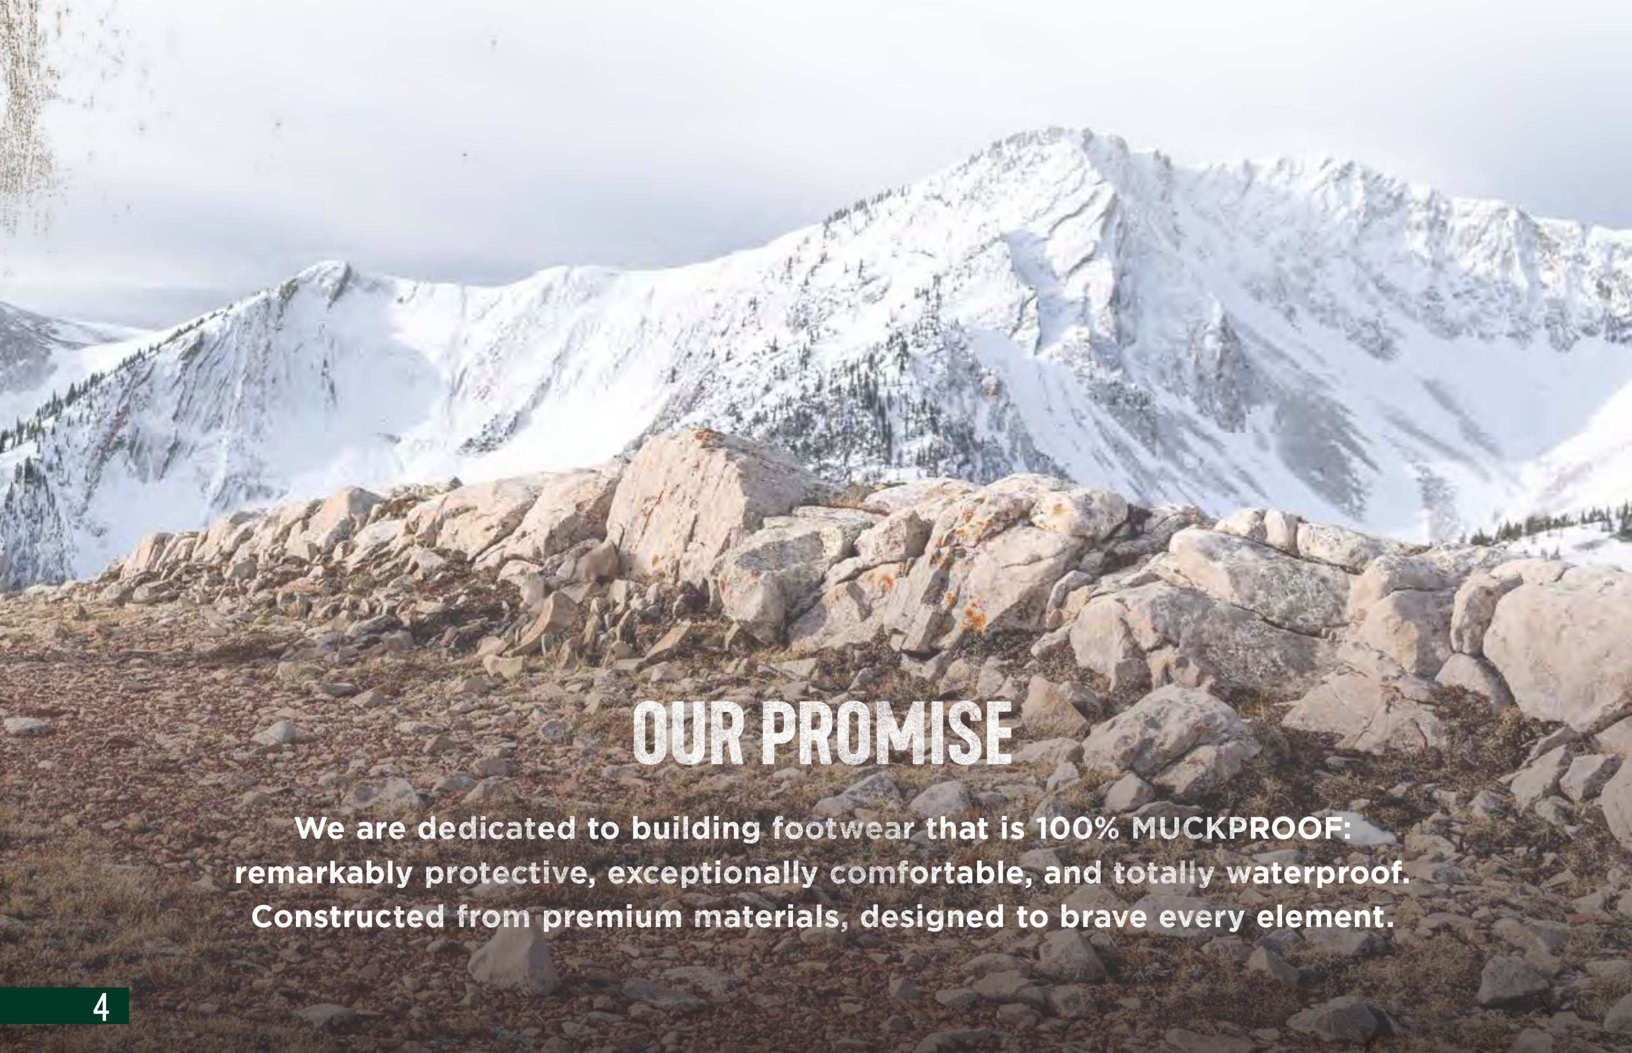
No matter how much or how many different types of terrain you're covering these are the boots that were designed to go the distance. Whether hunting, wading, stomping, slushing or walking for miles.

UTILITY **Work**

Ready to take on any job, and the promise to see it through. These are the boots that were made to work hard, feel great and keep you protected.

LIFE **Garden, Everyday**

Built for life in the Muck. Lightweight, versatile and comfortable footwear for every season. Flower bed building, picking, digging, beekeeping, clipping, and more.



OUR PROMISE

We are dedicated to building footwear that is 100% MUCKPROOF: remarkably protective, exceptionally comfortable, and totally waterproof. Constructed from premium materials, designed to brave every element.

WELCOME TO LIFE IN THE MUCK

PRODUCT TECHNOLOGY

Our product tenets are deeply woven into our technology, directly translating into three distinct categories: ***Protection***, ***Traction***, and ***Comfort***.

PROTECTION

MUCKDRY™
100% Waterproof

100% Waterproof
Materials and Construction

MuckLeather
100% Genuine Leather

MuckSkin
Printed rubber coating that's lightweight flexible and 100% waterproof

MuckDry+
An internal waterproof, breathable bootie designed to keep your foot dry and provide all day comfort

MUCKSHIELD™
Environmental Protection

MuckStop
Nylon collar that provides a customized fit

Snake Resistant
Tested and certified against snake strikes

Loc-Tite
Bungee lace with an adjustable lock closure that keeps water and debris out

Scent Masking
Lining treatment that blocks odors

MUCK PROTECT™
Pro-Grade Protection

Met Guard
Extreme Impact-Protection

Anti-Viral Protection
Tested to meet anti-viral protection standards
ASTM F1671 / F1671M - 13

Oil Resistant
RDR rubber protects against caustics, solvents, hydrocarbons, oils, fats and acids

PR Plate
Puncture resistant plate that delivers safety and comfort

Steel Toe
Tested to meet
ASTM F2413-18 M/I/C PR EH

Guarden
Rubber toe and heel for more durability and extended wear

Non-Metallic PR Plate
Non-metallic puncture resistant plate that delivers safety and comfort

Comp Toe
Non-metallic protection, tested to meet
ASTM F2413-18 M/I/C PR EH

CSA
Meets Canadian Standards of Protection

TRACTION

MUCKGRIP™
Commercial Grade Traction

Slip-Resistant

Exclusive RDR rubber compound grips surfaces, creating sure footing

SRA

For the traction needed on wet flooring surfaces as tested with soapy water on ceramic tile

SRC

SRA and SRB combined, for the highest slip resistance that can be achieved, giving you the best in class traction

Vibram® Arctic Grip A.T.

For wet ice traction coupled with XS Trek Evo adding durability and improved grip on wet and dry surfaces

Vibram®

Durability and traction on multiple surfaces

COMFORT

MUCKCOMFORT™ FB
Footbed Comfort System

FB1

EVA Footbed

FB2

Molded PU Footbed

FB3

Dual-density Footbed with memory foam

MUCKCOMFORT™ TC

Breathable Mesh

Sandwich-fabric lining improves air circulation

Warm Lining

Soft, insulating, lightweight, performance

BioLite

A revolutionary high performance and eco-friendlier injection molded EVA foam that is lightweight, durable, supportive, and provides excellent SRC rated slip resistance

bioDEWIX™

Dry Footbed insert topcover with NZYM™ for odor control and moisture management

XPRESSCOOL™

Anti-microbial evaporative cooling liner

Thermo Regulation (TR) Fleece

A revolutionary open-fiber technology that wicks away moisture up to 33% better than a standard synthetic fleece to maintain a comfortable temperature range

MUCKCOMFORT™ TC
Recommended Temperature Ratings

-60˚F / 30˚F
-50˚C / -1˚C

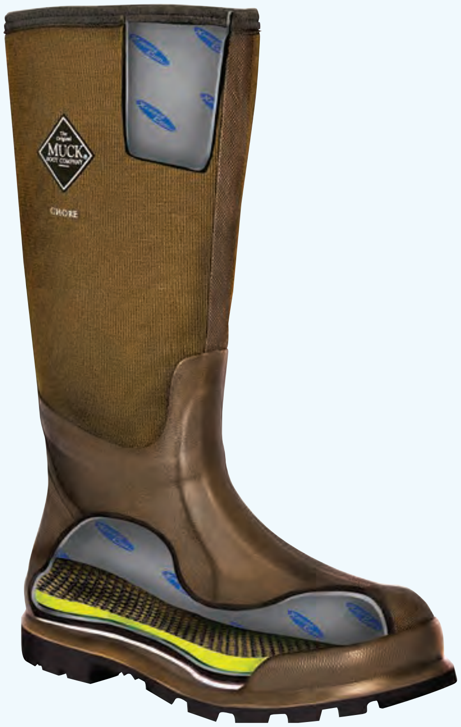
-40˚F / 40˚F
-40˚C / 4˚C

-20˚F / 50˚F
-30˚C / 10˚C

SUB FREEZING
65˚F / 18˚C

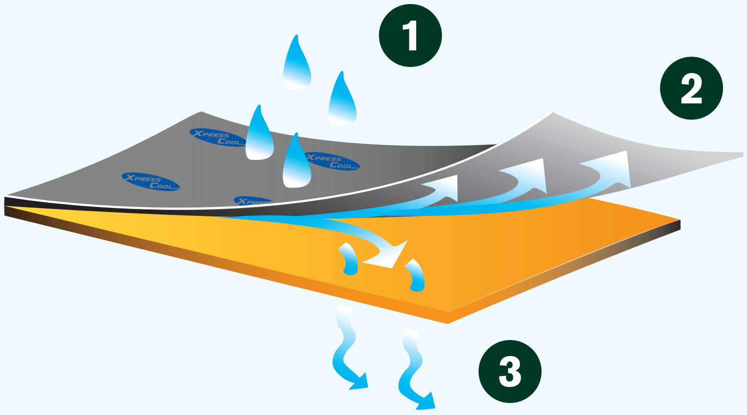
40˚F / 95˚F
4˚C / 35˚C

XPRESSCOOL™



XPRESS COOL HOW IT WORKS

1. As the foot starts to sweat, the Muck XpressCool™ fabric rapidly pulls moisture away from your skin.
2. The Muck XpressCool™ lining absorbs and spreads the moisture out across the boot lining to drier areas of the boot to enhance the evaporative drying rate.
3. Most importantly, as the moisture is spread and dries, it creates a cooling effect which keeps your feet cool and dry in warm weather.



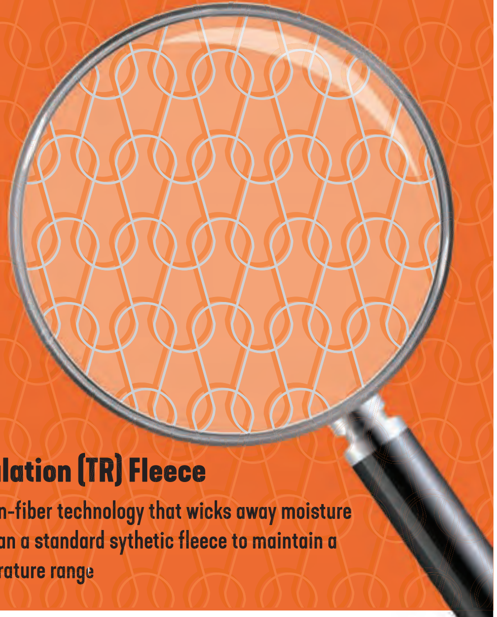
BIO LITE

Bio Lite is a revolutionary high performance and eco-friendlier injection molded EVA foam that is lightweight, durable, supportive, and provides excellent SRC rated slip resistance

TESTED
Intertek

GREEN LEAF CERTIFICATE OF CONFORMITY

TR FLEECE



Thermo Regulation (TR) Fleece

A revolutionary open-fiber technology that wicks away moisture up to 33% better than a standard sythetic fleece to maintain a comfortable temperature range

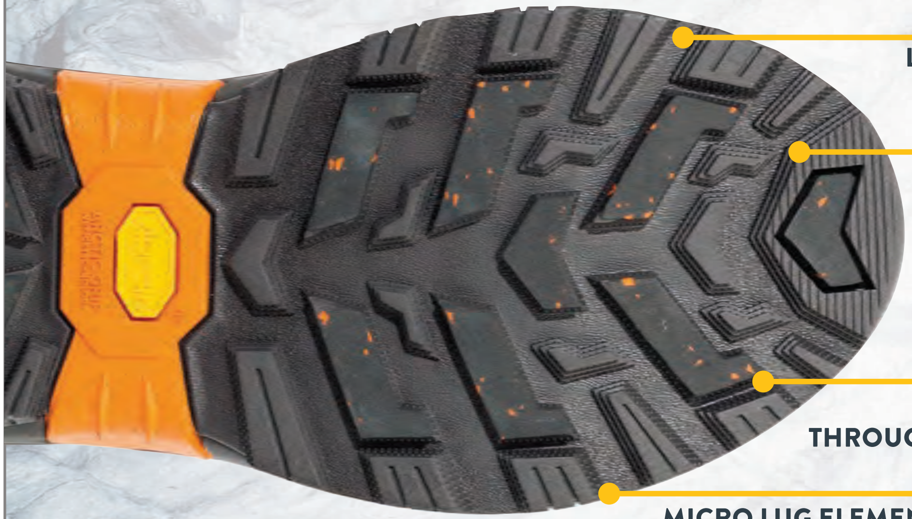
TEMP REGULATION MOISTURE MGMT

Spandex and quick-drying polyester yarn use a space-style construction that is **ABRASION RESISTANT** and **ANTIMICROBIAL**

VIBRAM TRACTION LUG

INCREASED TRACTION UP TO 25%, ADDED STABILITY, INCREASING SURFACE AREA BY 50%, ADDED PROPULSION AND INCREASED BRAKING POWER.

TRACTION LUG



LARGE OPEN ZONES BETWEEN LUG FOR DEBRIS EJECTION

STEPPED LEADING EDGES WITH MICRO LUG ELEMENTS TO INCREASE SURFACE AREA AND AMPLIFY TRACTION

VERTICAL RUNNING CHANNELS THROUGHOUT SOLE FOR FLUID DISPERSION

MICRO LUG ELEMENTS ON RADIUSED PARTS OF LUGS FOR MAXIMUM GRIP WITHIN LOOSE MEDIA

VIBRAM ARCTIC GRIP A.T.

VIBRAM ARCTIC GRIP WITH XS TREK EVO ADDING DURABILITY AND IMPROVED GRIP ON WET AND DRY SURFACES.

ARCTIC GRIP A.T.
WET ICE TECHNOLOGY

SMALLER ANGULAR LUGS TO DIG INTO SNOW, SLUSH OR LOOSE TERRAIN

PATHFINDER

Built for pursuit in most cold weather conditions, the Pathfinder finds itself at home in a variety of environments. 100% Waterproof and 100% MUCKPROOF, the 5MM neoprene bootie is designed for comfort, performance, and all day wear. Inspired by the flexibility of the Apex Pro, this boot is equipped with flex notches in the front for added comfort and high-performance. Its stretch-fit topline binding snugs your calf to maintain warmth while the safety orange airmesh lining improves breathability. The Pathfinder's reinforced toe tip and heel counter provide durability while the modified rubber bob sole quickly disperses debris.

CHORE

The Chore Collection truly embodies the Original Muck Boot Company brand, built to always be 100% waterproof and provide excellent comfort, these boots are designed to withstand the muckiest situations. Our consumers expect a lot from the Chore boot, their lives need these boots to exceed their expectations to maximize performance and durability these boots are constructed from high grade scruba neoprene and layers of hand layed rubber. This collection has kept workers dry and comfortable for more than two decades. This collection has multiple options for consumers multiple needs, including boots with rear gussets that deliver the same performance and protections as the original style but with an extra 5 inches of calf space for optimal fit and comfort. This line has additional color offerings and heights.

MUCKSTER LITE CLOG

Introducing an innovative one-piece clog from The Original Muck Boot Co. Inspired by our beloved Muckster collection, the Muckster Lite Clog is 50% lighter, offers independently verified SRC rated slip-resistant traction and provides excellent support and comfort for all-day wear. The Muckster Lite Clog is built from a high-performance, lightweight foam called Bio Lite which is ultra-durable and easy to clean. The upper features side ventilation holes for breathability and drainage for water and debris. The entire clog is constructed from Bio Lite which is eco-friendlier than many other injection molded foams in the market. Bio Lite has been granted a Green Leaf certificate by Intertek, an accredited independent 3rd party testing facility, verifying that this product will properly biodegrade in bioreactor landfills. Landfill bio-degradation validated utilizing the ASTM D5511-18 test method, ISO 15985. The Muckster Lite offers a lighter footprint for your feet and the planet.

Introducing an innovative one-piece clog from The Original Muck Boot Co. Inspired by our beloved Muckster collection, the Muckster Lite Clog is 50% lighter, offers independently verified SRC rated slip-resistant traction and provides excellent support and comfort for all-day wear. The Muckster Lite Clog is built from a high-performance, lightweight foam called Bio Lite which is ultra-durable and easy to clean. The upper features side ventilation holes for breathability and drainage for water and debris. The entire clog is constructed from Bio Lite which is eco-friendlier than many other injection molded foams in the market. Bio Lite has been granted a Green Leaf certificate by Intertek, an accredited independent 3rd party testing facility, verifying that this product will properly biodegrade in bioreactor landfills. Landfill bio-degradation validated utilizing the ASTM D5511-18 test method, ISO 15985. The Muckster Lite offers a lighter footprint for your feet and the planet.
